EXTREME COMFORT

>>> **THE MOST COMFORTABLE CHAIR IN THE WORLD. *PERIOD.***

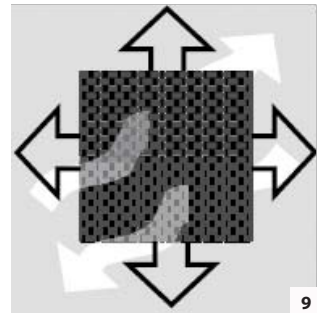

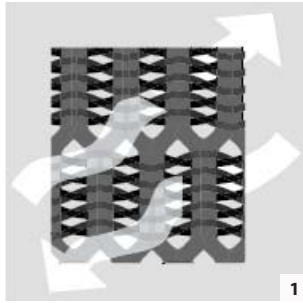

"Harmonic balance between good design, ergonomic performance and ultimate sitting comfort has always been my goal."

Extreme Comfort

>>> IT'S ALL IN THE DETAILS...

■ 1. Mesh Backing.

Allows air to pass freely, making it comfortable in all climates. It also boasts dynamic movement—in other words, it moves with you.

■ 2. Armrests.

Spring-loaded ball bearing ratcheting system (patent pending) operates the armrests. Armrests move up/down, in/out, complete with lockable swivel pads.

■ 3. Seat Slider Depth Adjuster.

Slow release synchronous knee tilt mechanism, complete with intuitive side tension control and an intuitive integrated seat slider for depth adjustment.

■ 4. Headrest.

Optional headrest adjusts up/down with an innovative coat hook built into its design. Headrest is field installable.

■ 5. Base.

5 prong base with anti-slip treads. 2" mag wheel carpet casters. Optional polished aluminum finish available.

■ 6. Enersorb™ Foam.

Enersorb™ foam (found in the seating surface, lumbar support and optional headrest) conforms to your body when you sit and reverts to its natural form when you get up.

■ 7. Waterfall Design.

Contoured seat foam incorporates a waterfall design that gently slopes away from the legs, minimizing pressure on the thighs, promoting good posture.

■ 8. Lumbar Support.

The contoured lumbar pad can be easily adjusted up and down and in and out for personalized lumbar support and comfort.

■ 9. Four-Way Stretch Fabric.

Dual-layer fabric is perforated for exceptional airflow. It also has a four-way stretch, which moves perfectly with the Enersorb™ foam for added comfort and durability.

CXO fits your sense of style with several options to enhance your chair. An available headrest, polished aluminum highlights and a vibrant color palate for CXO's seating surface, lumbar pad and headrest are all there to satisfy your personal taste.

>> **color options**
